

PROFESSIONAL MODEL | HIGH QUALITY | TOUGH

- Our carrying cases are highly versatile pieces of equipment and well suited for mobile operations and for use out in the field.
- The cases are equipped with a plastic foam interior which is custom designed to suit the different models of Labino lamps.
- Its tough exterior and superb quality make it easy to be shipped with our lamps without the need for further packaging.
- The case can be locked and secured before shipping (recommended) as there are holes for a padlock or plastic straps.
- The case is IP67 certified meaning that it is dust and water proof, and the case are manufactured in Conformity with the Directive 2002/95/EC.
